PMP® Exam Prep (Project Management)

Executrain offers the Project Management Professional (PMP®) Prep Course designed to prepare students to successfully pass the Project Management Professional exam. The PMP designation offers individuals worldwide recognition as a PMP, supported by core knowledge and understanding of critical Project Management concepts, principles and techniques.

Course Length
2-day course

Prerequisites
Students who wish to test should have a general understanding of project management and 1-3 years experience before taking this class. The class is open to anyone wishing to broaden their knowledge of formal project management or to know more about the Project Management Institute's Project Management standards.

Earn Advanced Education Credits:

Executrain is a PMI® Registered Education Provider and a student will receive 1.6 CEUs and the equivalent amount of 16 PDUs for this course.

Earn Contact Hours:

Before you can take your test, you must prove 36 contact hours of Project Management instruction. This class provides 16 contact hours. Attend local chapter meetings to gain the remaining hours or call IMS to request more Project Management classes.
